

Hi Bill

Feb 2012

I meant to send you a card, well a card home with you. But I forgot.

This month, well for spring break, I volunteered at a spring break camp. It was on the first week, and there were about 10 kids. It was from 9-4. The kids were from the ages 7-11. The first couple of days weren't fun cause it was so cold. But after that the days got a little warmer. We went for walks to Swan Lake and to the library. Because it was at a soccer field, we were hanging out in a locker room. So it was so so cold. We played soccer on the field a few times.

On the last day we had guys from the UVic soccer team come out and teach the kids some techniques. We also took a lot of pictures and I had a really great time. Each day there was a new theme. There was Knights and Heroes and celebration. We made a lot of crafts and I made a lot of good memories. It was nice seeing you 😊
