

Hi Bill.

Dec 10<sup>th</sup>  
2012

This is a card cause  
you asked me to tell yo  
what I had done at

Naramata.

So after our 1½ our Ferry  
trip we got on a bus for  
about 7 hours. We, along  
with other churches from  
Victoria, and a few stops  
from along the way.  
We got there and got our  
rooms. We were in Alberta  
Hall. That night we had

Streams which is when  
the grades 10-12 get  
together. We did this a  
few time a day. This  
was Friday.

On Saturday we had  
breakfas the streams  
after opening worship.  
After breakfast was  
workshop sign up. Then  
was lunch and free-time.  
Then we had our workshops.  
I choose Board games  
①

with some of my friends. We played risk and that got pretty intense. After that we had dinner then we gathered for singing (we do a lot of that at Evolve)

After singing we had streams then snacks in streams then spiritual practices. It was a time to connect with god through different ways because earlier we had a kind of emotional time for some. Then all 11:15, it was in cabin time. I had a room mate named Morah. I knew her from the years before. She's also from Victoria.

The next day - Sunday - The morning was the same. Breakfast, workshop sign-up, Gathering, streams, lunch, (2) check-in, streams. Now in streams

you talk about different things relating to god in different ways. Like we talked about how god can be the father, the son and the ~~the~~ holy spirit. Or we acted out some of the Bible stories. After streams was freetime, and prep for dinner cause today was the dress-up dinner. Then onwards, you nominate people before for that. Then freetime before the dance! That is always a lot of fun. That went on for a couple of hours before we had closing vespers and in cabin time bedtime. Monday was a sad day cause we were all leaving. After breakfast we all did clean-up pack-up.

I had done that the night before though so it was more like free time for me.

Then of course we had the closing celebration. Now for my second workshop, I did singing. So everyone who was in that workshop sang a song in front of everyone. Including me! After that was over. We hurried onto the bus because we had a long trip ahead of us. 7 hours. (3)
