

Hi Bill,

Dec 12th

This is my December letter. Today I had my final exam. It was business.

So now I have nothing more to do!

Guess I will just be hanging out with Fran. As you know I will stay until you arrive. I can't wait to have everyone in Victoria for Christmas. I think I have also convinced John to come out, at least for the Bumblebee Cafe.

He is still taken with the whipped cream dispenser we used years ago so mom and I think we will get him one. We got our tree while I was home for baptism. It's a bit of a scragly tree, but we often get scragly trees. We got it in record time, only about 10 minutes! We'll decorate it when I'm home
