

May 28

Hi Bill,

This is an early June letter. There have been some changes here. As you know, my hours were reduced due to Covid, and the lack of events. However, Camp Spirit, whose Ministry is part of Shaughnessy Heights United Church, just lost their Admin Support and now I'm taking on that role. I think the idea was for Camp Spirit to eventually move over to a PMRC entity and for whoever was in my position to take over, but it happened sooner than planned. So with both jobs I'm up to full time hours. That meant that my office kitchen chair wasn't going to cut it! I found a very comfy one except it was 499\$ + tax. Mom said it was worth it since it would save my back, but I couldn't bring myself to buy it. My credit card wouldn't allow it. I also wish I could move things around in my room and move the desk to the other side where there's more light, but I can't do that yet. Ugh, that's what's most frustrating. The other room has become a chair storage space! There are way too many kitchen chairs it's wild!

I can't wait to go mattress shopping too. And to have a bigger bed. And an office separate from my bedroom. Just lots of things.

On another note, I've read two books this month which is exciting.

So far my goal is going well. Also, I hope this letter made it. I'm out of stamps so I had to cheat a little bit.

Love,

Samantha ✨
