

Hi Bill,

June Card

July 4

So it's late. Really late but I decided to write you your letter. I know I'm a little behind but so are you I realized.

I think. Well I got a summer job (this is a general card, nothing specific for June) volunteer thing working in a pottery camp. I'll write another letter about that later. What else?

We had our provincial Exams, and one not provincial which was scth

We had a family camp with Church which was like always fun. I did child care and the kids were so cute, I might

actually babysit for one of the family's. I got henna and have been doodeling all over my arms with it. Ask Thom about it. For my job/volunteering I did a training for a few days which mostly consisted of games and a bit of paper work like the stamp? I do! I kept one row of it. I have also been doing more physio- Canada Day was fun. I hung out with my friends downtown like usual. ♡ Samantha ♡

From now on we should date the card for what month it's for. You do it too, like I did on the envelope.
