

Hi Bill. June letter July 12<sup>th</sup>

I had thought my letter about exam prep was my June letter, but I guess not. Well unlike other school our exams were earlier so I only missed my math one. And other schools had to go in to do their provincial exams, I didn't have any. And then school was cancelled due to the strike so we got an early vacay. I found that there wasn't much to do. That's always my fear of summer.

that I will be bored. But I have a job for the summer so I won't be that bored. I am an On-Call Program Assistant with Saanich. So I am working in camps when they need me. I am super happy and excited for the job.

Love  
Samantha
